TwentyFour Corporate Bond Fund

This Factsheet is a marketing communication for professional UK investors only

TwentyFour Corporate Bond Fund is managed by TwentyFour Asset Management LLP and is a sub-fund of a Dublin authorised, open-ended investment company. The Corporate Bond Fund has been certified by the Irish Central Bank as a UCITS scheme. The Fund has been entered into the UK temporary marketing permissions regime and the scheme is expected to remain authorised as a UCITS while it is in the regime.

Fund Objective

The investment objective of the Fund is to exceed the median return of the IA £ Corporate Bond Sector over the medium to long term based on a combination of income and capital growth. The Fund will aim to achieve a positive return although the objective is to exceed the return of the IA £ Corporate Bond Sector, which may be negative in unfavourable market conditions.

Investment Approach

The Fund is actively managed and will seek to achieve its investment objective by investing primarily in Investment Grade Sterling denominated bonds, or bonds denominated in currencies other than Sterling but hedged to Sterling, within the specifications set out for the IA £ Corporate Bond Sector, which it seeks to outperform. While TwentyFour will have regard to the likely return of any investment relative to the IA £ Corporate Bond Sector and the requirements of same, TwentyFour may invest up to 20% of the Net Asset Value of the Fund in high yield issues and as such, the Fund is not constrained by the IA £ Corporate Bond Sector. As a result of the investment objective, the Fund's investments will primarily be focused in the U.S. and Europe having regard to the geographic split of the IA £ Corporate Bond Sector. The Fund may also invest in financial derivative instruments including FX forwards, swaps, credit options and futures, for hedging and efficient portfolio management purposes.

Key Risks

- Limited participation in the potential of single securities
- Success of single security analysis and active management cannot be guaranteed
- It cannot be guaranteed that the investor will recover the capital invested
- Derivatives entail risks relating to liquidity, leverage and credit fluctuations, illiquidity and volatility
- Interest rates may vary, bonds suffer price declines on rising interest rates
- High-yield bonds (non-investment-grade bonds/junk bonds) may be subject to greater market fluctuations, risk of default or loss of income and principal than higher-rated bonds
- The Fund's investments may be subject to sustainability risks. The sustainability risks that the Fund may be subject to are likely to have an immaterial impact on the value of the Fund's investments in the medium to long term due to the mitigating nature of the Fund's ESG approach
- The Fund's performance may be positively or negatively affected by its sustainability strategy.
- The ability to meet social or environmental objectives might be affected by incomplete or inaccurate data from third-party providers
- Information on how environmental and social objectives are achieved and how sustainability risks are managed in this Fund may be obtained from www.twentyfouram.com/responsible-investment
